

WBC 240

Waste Bin Cooler

Product Features

- Suitable for both 120 l and 240 l waste bins (not included)
- Stainless steel for easy cleaning and maintenance
- Ramp for easy waste bin handling
- Electronic thermostat
- Automatic defrost
- Ventilated cooling

Top lid for easy waste disposal

Digital controller

Waste bin cooler for one 120 l / 240 l bin

The waste bin cooler offers a hygienic solution for waste disposal in professional kitchens, supermarkets, or at businesses such as veterinarians. The waste is kept at temperatures suitable for fresh produce, which reduces the degradation of organic waste. This cooler has room for one waste bin, either 120 l or 240 l (not included). A lid at the top grants easy access for waste disposal. The lid has a magnetic gasket which ensures that it seals effectively and prevents contamination of the surrounding areas. The waste bin cooler has a ramp which makes it easy to roll the waste bin in and out when it is time for emptying it. The waste bin cooler has climate class 5 with a maximum ambient temperature of +43°C and 65% humidity.

Design and Material		Measures and Content		Power and Consumption			
Door No & Type	1 hinged solid door	Temperature Range	°C	-2 to +8	Energy Consumption	kWh/24h	3.12
Shelves No & Type		Climate Class		5	Annual Energy Cons.	kWh/year	1139
Exterior Finish	SS304	Gross / Net Weight	kg	150 / 140	Input Power	W	1250
Interior Finish	SS304	Gross / Net Volume	l	540 / 120	Voltage / Frequency	V/Hz	220-240/50
					Noise Level	dB(A)	60
