

PDC90SL-360

Black impulse cooler

Product Features

- Sliding glass lids
- Glass sides for better presentation of products
- Impressive storage space
- Optimized airflow for stable temperature
- Strong wheels for mobility
- Bumper bars on 4 sides

Sliding glass lids

Bumper bars

Black impulse cooler (island cooler)

Medium sized black impulse cooler ideal as island cooler. Product visibility is great - all sides and sliding lids are glass - plus it has a high loading line compared to many other similar units. The PDC range is great for supermarkets, gas stations, convenience stores and cafeterias for e.g berries, fruit, vegetables, sandwiches or other take away.

It has stainless steel bumper bars as standard for protection and easy handling of the cooling unit. Moving it around on the solid castors is easy, so it can easily be moved to a different location in the store. Cooling is ventilated. Guided airflow makes an even distribution of the cooling effect.

Design and Material		Measures and Content			Power and Consumption		
Lid No & Type	2 flat sliding glass lids	Total Display Area	m ²	0.67	Energy Class	E	
Castors	4 castors	Temperature Range	°C	-1 to +5	Energy Consumption	kWh/24h	4.61
Exterior Finish	Black	Climate Class	3		Annual Energy Cons.	kWh/year	1682.8
Interior Finish	Stainless steel	Gross / Net Weight	kg	152 / 105	Input Power	W	750
Interior Light	No	Gross / Net Volume	l	153 / 105	Voltage / Frequency	V/Hz	220-240/50
Lock	No				Noise Level	dB(A)	50
		Cooling and Functions			Dimensions		
		Type of Controller	Electronic		Internal Dimension (WxDxH)	mm	860 x 555 x 220
