- Self-closing doors

Black 2-door display cooler with hinged doors

The FS range is without a light canopy. It gives a little more interior height and makes for a cleaner looking cabinet. It is an excellent choice of double door display cooler when a light canopy for branding isn't required. This model is with black exterior and interior. The black exterior finish looks great, the black interior makes the content stand out - especially with LED lights perfectly illuminating the content. It is ideal for high-end cafes, delis and patisseries. It comes with 5 adjustable black wire shelves, 2 self-closing hinged glass doors and 2 vertical full length LED lights inside the door frame.
