Stainless steel storage freezer

The TEFCOLD UF is a classic storage freezer that combines time-tested reliability with a clean design, featuring a practical integrated handle. Ideal for demanding foodservice and bakery environments, this stainless steel freezer comes with adjustable GN2/1 wire shelves. The freezer has a durable stainless steel exterior and interior (except for the door, which is white on the backside). It has ventilated cooling and the temperature is easy to set on a digital thermostat. The UF range is available in various colors and sizes, and you can choose between solid door- or glass door models. See the UR range for cooler options.
