Stainless steel pizza table with granite worktop

The PT pizza counter is an outstanding choice for pizza makers. Crafted from SS304 stainless steel, this counter is built to last and easy to keep clean. It boasts a granite tabletop, which is ideal for creating flawless pizzas as the granite stays cool, making it harder for the dough to stick to the worktop. The pizza prep table includes convenient features such as automatic defrost for a seamless operation, adjustable feet for stability, and fan-assisted cooling to maintain consistent temperatures. Behind each of the self-closing doors, you will find guides for seven pizza trays (400x600mm). Should the need occur, it is possible to retrofit a refrigerated topping unit suitable for GN pans.
